

Dear Future Contributor,

Thanks for considering a SPARKcon sponsorship. As a SPARKcon partner, you are part of an ever-growing community passionate about the creative future of the Triangle area of NC.

SPARKcon is completely grass-roots. It's not a city program. It's not a grant winner. It's not a non-profit organization. It's a bunch of people and companies who are giving of themselves in order to support our community's creative growth. In short it's a platform for local talent to show their stuff and have a say in our community.

There are a number of sponsorship levels, each with specific "thank-you benefits." These benefits include promoting your name on printed materials and linking you on the SPARKcon website. Some levels entitle you to sponsor and be linked to a specific SPARK event, place your own literature at SPARK locations and enjoy ticketed SPARK events at a discounted price. The biggest benefit is, of course, connecting with all of the other SPARKcon participants, including the organizers, talent and the public.

Please take a moment to look over the details contained in this packet. If you have any questions you may contact the director of the 'spark' you wish to support or contact the SPARKcon office directly.

Sincerely,

SPARKcon
